HACKEN
Advisory Compliance Security

Certification №: **HKN-CP-2026-0720-TAG**
Issued: 20 JUL 2026
Valid through: 20 JUL 2027
Scope: KYC + DUE DILIGENCE

Certified Project

Project Verification & Due Diligence Attestation

Hacken hereby attests that the project named below has successfully completed Hacken Advisory's Know Your-Customer verification of its principal officers and an independent due diligence assessment conducted between June and July 2026.

Subject of certification

TAG IT

Product Authentication Infrastructure

Operating entity - Florida, USA
TAG IT Network Corp.

Issuing entity - Florida, USA
TAG IT Network Corp.
Incorporated: March 2025, USA, Florida
Doc. no. P25000018055

Project summary

TAG IT Network is blockchain-powered infrastructure that connects physical products to secure digital identities using cryptographic NFC/RFID technology and autonomous AI agents. It enables instant authentication, intelligent lifecycle monitoring, and transparent ownership tracking to combat counterfeiting and strengthen trust across global supply chains.

1 / KYC verification

Identity, residency and source-of-funds documentation reviewed for named principals. Government-issued ID and corporate signatory authority cross-checked against USA commercial registries.

2 / Due diligence review

Independent assessment across corporate, regulatory, technical, financial and governance dimensions. Findings delivered under separate cover as report ref. **DD-TAG-2007-01** .

Principals verified under KYC protocol Verified

Artem Kozytskii Founder, President/CEO	**Brigham Murdoch** Founding Protocol Economist

HACKEN CERTIFIED 2026

Christopher Cousins
Managing partner - Hacken advisory

This certificate evidences completion of Hacken Advisory's verification and due diligence process only. It does not constitute an investment recommendation, financial endorsement, regulatory approval, or security audit of the project's protocols. Substantive findings, risks and verification gaps are detailed in the accompanying report.
